From the Pro Shop

By Brian Schmidt

Rain, rain go away and please bring the sunshine. The weather hasn't been good to start off our season. Hopefully all the bad weather is behind us. Just a reminder that members can book tee times 7 days in advance.

I wanted to personally thank the PMGA for the cooler donation in the snack bar. It was very much appreciated. Our selection of beer and seltzer has grown because of their generosity. Thank you.

The PLGA will be having their Member/Guest on February 20th. The signup sheet will start on January 31st and is limited to the first 96 golfers. When you sign up, you must pay for you and your guest. No reserving and then paying later will be allowed. This event will fill up fast so please don't hesitate. The cost is \$80 per PLGA member and Peridia member, and \$90 per PLGA member and for someone who is not a Peridia member.

Qualifying has already begun for the shootout on March 3rd for both the PLGA and the PMGA. Cost is \$5.00 and qualifying goes through the month of February. You can register for this fantastic and fun event in the pro shop.

I have been asked many times about the price that a member's guest will pay at Peridia during the 2024 golf season. Guests of members will get a discount in price, but only if they are playing that day with a member. The member guest price is \$45. Hopefully this clarifies any confusion.

While walking our dogs around Peridia, please do not throw away the poop bags into the trash cans that are on the course.

Hope to see you out on the links. Happy golfing!!!!

GENERAL MANAGER CORNER

TOTAL REVENUE and ROUNDS OF GOLF FOR 2023:

Our paid rounds of golf exceeded 2022 rounds by 2,320. That gave us a total round count for 2023 of 40,991. The break down for the 40,991 is as follows:

Members, 19,786 or 48% of total rounds.

Non-Member, 21,205 or 52% of total rounds.

Our total revenue from the golf operation was \$1,241,100. This total is \$151,329 greater than our 2022 golf revenues of \$1,089,771. Our 2023 golf revenue exceeded our 2023 budget by \$50,250.

TOTAL F & B REVENUE FOR 2023:

Our total revenue for our Food and Beverage department was \$1,294,276, this is \$136,962 or 11.5% greater than our 2022 revenue of \$1,157,314. The total food revenue for 2023 was \$881,679, this is an increase of \$106,758 over 2022 revenue. Our total beverage revenue for 2023 was \$412,597, this is an increase of \$30,204 over 2022. Our 2023 budget was aggressive, and with the hot summer, it did not help us with revenue, so, we ended 2023 with a short fall to budget of (\$65,755).

CREDIT CARD 2.7% SERVICE CHARGE:

As of the 1st of January, the club has been adding a 2.7% service charge to all sales in the pro shop, restaurant, and tiki bar. This service charge is added only to the public sales, no one from our membership pays this service charge.

LANDSCAPING:

Mid-February FLC will start replacing all the plants that Peridia lost this past year. The plan is to start with the hedge along the back of the clubhouse that faces the 18th green. There are several dead areas in the hedge that will need to be replaced and the hedge will also need to be trimmed back to encourage more growth. Along, Peridia boulevard, there are about 30 plants that died this past year that will need to be replaced. This will happen in phases with the hedge being the first phase.

SWIMMING POOL:

The water temperature for the pool was down to 58 degrees between Christmas and New year's. We had Galaxy out to look at the problem, they found the ignition switch was burned out, so they ordered a replacement, took two weeks to get it here. The switch has now been replaced and the temp is back up to where the ladies are happy again.

EVENT RESERVATIONS:

The club has four social events that fill up within the first hour after staff opens the reservation book. Those events are Halloween, The Illumination Party, Member Holiday Party, and the Snowbird Ball. We have hundreds of you that want to attend all four events but are unable to get in because the event fills up before you can get your table reservation into Mona. There is no easy answer to this problem, but we are working on a couple of changes that will give the membership a fair opportunity to make a reservation. As soon as we get it tweaked, we will sit with the social committee to get their opinions.

Remember, I always have time for your questions or comments, so please stop by my office. My door is always open.

HOME INSPECTIONS BY BUDDY THOMPSON INC.

A RESIDENT OF PERIDIA COUNTRY CLUB

Hello Neighbor: When you own or purchase a home, rental property, or a condo in Florida, you will likely need a 4 point inspection before purchasing a homeowners policy.

WHAT IS A 4 POINT INSPECTION ? The Roof, Electric System, Heating, Cooling and Plumbing. A 4 point inspection takes about 45 minutes and is only visual. Now your Insurance company may want you to get a Wind Mitigation.

WHAT IS A WIND MIDIGATION ? Wind mitigation is the process of adding features to your home that help withstand or increase resistance to high winds caused by a major storm or hurricane. **Why Do Florida Homeowners Need It?** *Safety:*

In addition to saving you money, mitigating your home against severe weather can also protect your family in the event of a major storm. Installing hurricane shutters on your windows or hurricane straps on your roof reduces the risk of flying debris penetrating your home and putting your family in danger.

Now if you are selling a home or condo, you may want to get a inspection to make sure everything is working properly and no issues like water stains in the attic, leaky faucet, appliances, hot water heater etc. A new buyer will have an inspection before purchasing so you don't need problems. If I can be of any help please feel free to call on me. I'm just

around your corner. Thank You. Buddy Thompson . **941-704-0072**

WHAT IS GROUNDING?

HEAL YOUR BODY WHILE YOU SLEEP

YOU WILL LOVE PURE HOME 365'S GROUNDING SLEEP SYSTEM

GROUNDING, ALSO KNOWN AS EARTHING, REFERS TO THE PRACTICE OF MAKING DIRECT SKIN CONTACT WITH THE EARTH'S SURFACE, EITHER THROUGH WALKING BAREFOOT OR USING GROUNDING EQUIPMENT SUCH AS CARICO'S PLATINUM COLLECTION OF MATTRESSES AND TOPPERS. GROUNDING HAS A POSITIVE IMPACT ON HEALTH BY HELPING TO BALANCE THE BODY'S ELECTRICAL CHARGE, REDUCING INFLAMMATION, AND PROMOTING BETTER SLEEP.

SCIENTIFIC STUDIES ON THE HEALTH BENEFITS OF GROUNDING SUGGEST THAT GROUNDING HAS THE FOLLOWING BENEFITS:

- 1. Reducing inflammation:** Grounding has been shown to reduce markers of inflammation in the body, which is associated with many chronic diseases, including heart disease, diabetes, and cancer.
- 2. Improving sleep:** Some studies suggest that grounding can help to regulate circadian rhythms, leading to improved sleep quality and duration.
- 3. Reducing stress:** Grounding has been shown to reduce stress hormones, such as cortisol, which can help to improve mood and overall well-being.
- 4. Improving circulation:** Grounding may help to improve blood flow and circulation, which can have a positive impact on cardiovascular health.

While grounding has health benefits, it is part of an overall program to improve your health and well-being and not a substitute for medical treatment or advice.

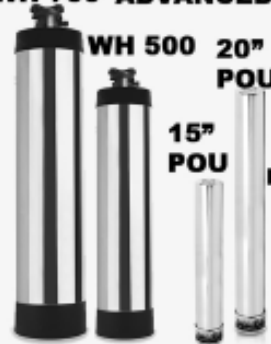

Pure Home 365 is a health and wellness Company dedicated to improving the quality of life, the health and well-being of our family of clients. We help with Water Purification, Air Purification, healthy food preparation (Waterless, Greaseless Cookware), and our Patented Grounding Mattress that provides a deep restful sleep. We leave the last part to you - Exercise! I would be happy to sit down with you and show you the Quality of our Products and the Science behind them.
